

# The Solution to MEDICAL OFFICE MANAGEMENT

GeboMD, LLC  
Medical Office Automation

[www.GeboMD.com](http://www.GeboMD.com)

*Meeting your needs is our mission*

"Origin (formerly SSIMED) EMRge™ v7.0"

- GeboMD is a **low cost integrated** paperless medical office automation software system powered primarily by a CCHIT Certified EHR Web-based system from Origin Healthcare Solutions (SSIMED) with an EDI and Back-end Data Hosting facility operated by eHDL.
- GeboMD saves you time and money by integrating **Electronic Health Records** and **Practice Management** to maximize reimbursement, cash flow and compliance.
- GeboMD is a proven and mature system powered by Origin Healthcare Solutions (SSIMED) serving more than 54,000 providers - solo private practices, large specialty groups and hospital-based practices.
- GeboMD, LLC, a physician Extended Business Office (EBO) company that has organized physicians and other medical providers to acquire, host, install, train and support Medical Office Automation Systems.

**Practice Management**      **Scheduler**

Practice Management System      Electronic Health Records      Clinical Records Repository

**SureScripts**  
SunScript-Certified Solution

**Say goodbye to messy desks, lost charts, incomplete notes and tracking nightmares and --- hello to a better way of running your office.**

## **GeboMD Offering...**

GeboMD offers products on "Software as a Service" (**SaaS**) basis where physicians can acquire such products in an all inclusive and fixed low monthly rental fee; over a secure encrypted Internet link using a web browser to a hosted environment.

GeboMD software system has versatile workflows and features a set of modern tools that simplifies implementation, training and support for providers.

## **GeboMD Was Developed...**

After a thorough research of the available products in the physician office automation market, GeboMD has developed a "BRAND" that utilizes group-purchasing capabilities to acquire and distribute Medical Office Systems.

## **GeboMD Eliminates Office Automation Headaches**

GeboMD recognizes the challenges of office automation and seeks to mitigate the failures that are common in implementing, training, upgrading, hosting and supporting of complex integrated software systems.
